Dear Librarian,

Please accept the Removal Administrative Record file #63378 for the Beta-Chem Laboratory Site, Operable Unit OU 00. The U. S. Environmental Protection Agency is required by law to establish an Administrative Repository at or near a facility at issue. The Administrative Record file consists of information upon which the agency based its selection.

By providing the public with greater access to these records, it is the EPA's hope that they will be better equipped to comment constructively on site activities and to understand the appropriate issues.

The EPA appreciates having the Johnson County Library- Lackman Library Branch as the designated Administrative Record facility for the Beta-Chem Laboratory Site, Operable Unit (OU) 00. The enclosed records, along with any future documents pertaining to the site, should be treated as a non-circulating reference; they should not be removed from your facility.

These Administrative Records are the property of the EPA, and the EPA will remove them when the site is closed. Please do not destroy.

To ensure the receipt of these Administrative Records, I would appreciate your completion of the enclosed Document Transmittal Acknowledgment form. Please return this form in the enclosed self-addressed, stamped envelope.

Again, I would like to thank you for your cooperation with the EPA in serving as a field repository. If you have any questions or comments, please contact me at (913) 551-7780.

Sincerely,

 6/2/14
